What are your 10 favorite recent movies?

What are your 10 favorite current television shows?

What are your 10 favorite plays/musicals?

What are your 10 favorite current bands?

Who are your 10 favorite current musicians or singers?

In your wildest dreams, who would you love to work with and why?

Is there anything else we should know about you?

Part III: YOUR IDEAL MENTOR

If you are chosen for our program, we will try our best to match you with a Hollywood Hawk in the field you are pursuing. Unfortunately, this is not always possible. Your responses to the questions below help us learn about your expectations, so please be as specific as possible. If there isn't an exact match, we may still be able to connect you with a professional who can answer your questions and connect you with people who may have internship or employment opportunities.

Why do you want a mentor and how do you hope they can help you?

What type of mentor would be your best match?
